

# Study Abroad Faculty Approval Form

Please have this form **signed by the faculty leading the program** you wish to apply to. You might need to arrange a time to meet either in-person or have it electronically signed via email. The faculty's contact information is online and also on the printed brochures. If there are multiple faculty leading the program, you can ask either one for approval.

*It is recommended that you speak with your academic adviser, financial aid counselor, and family prior to having this form completed to ensure the program is a good fit for your goals.*

You **must scan and upload** the signed form into your online study abroad application. If you have difficulty doing so, please email a picture to [studyabroad@columbusstate.edu](mailto:studyabroad@columbusstate.edu) or come by Schuster 117 for assistance.
